SYLLABUS

Scheme of Examination And Course of Study-2013

Faculty of Education

Master Degree in Physical Education (Two Years) Self Financing Scheme

PROSPECTUS

Prospectus for Master Degree in Physical Education (Two Years) (Self-Financing Scheme)

University Monogram

DEPARTMENT OF PHYSICAL EDUCATION

UNIVERSITY OF KOTA, KOTA

NOTICE

- 1. The Ordinances governing the examination in the Faculties of Arts, Fine Arts, Social Sciences Science, Commerce and Law are contained in a separate booklet. The students are advised to refer to the same.
- 2. Changes in Statutes / Ordinances / Rules / Regulations / Syllabi and Books, from time to time, be made by amendment or remaking, and a candidate shall, except in so far as the University determines otherwise, comply with any change that applies to years he has not completed at the time of change.
- 3. All court cases shall be subject to the jurisdiction of the Rajasthan University head quarter at Jaipur only and not any other place.

UNIVERSITY OF KOTA, KOTA

Scheme of Examination-2013

MASTER'S DEGREE IN PHYSICAL EDUCATION

M.P.E.D. course consists of two parts –

- Theoratical Part - 400 Marks - Practicals - 100 Marks

	M.P.Ed. (Previous)	INTERNAL MARKS						
	Papers	Univ.	Termi-	Termi-	Project	Total		
		Exam.	nal I	nal II		Marks		
I	Research Methods and	75	10	10	5	100		
	Statistics.							
II.	Professional Preparation	75	10	10	5	100		
	and Curriculum in							
	Physical Education.							
III.	Scientific Principles of	75	10	10	5	100		
	Training.							
IV.	Measurement and	75	10	10	5	100		
	Evaluation in Physical							
	Education.							
	Practical	50 (Ex	ternal)	50 (I	nternal)	100 500		
M.P. Ed. (Final): Any four to be selected:								
Ι	Exercise and Sports	75	10	10	5	100		
	Physiology							
II	Management of Physical	75	10	10	5	100		
	Education and Sports.							
III.	Health Education.	75	10	10	5	100		
IV.	Sports Medicine	75	10	10	5	100		
V.	Psychology of Physical	75	10	10	5	100		
	Education and Sports.							
VI.	Sport Sociology.	75	10	10	5	100		
VII.Dissertation. 100								
	Practical	60 (Ex	ternal	40 (Inte	ernal)	100		
VIII Specialization		50 50		100				

1. A candidate for a pass at each of the Pt.I/ previous and Pt.II/ final examination shall be required to obtained (i) at least 50% marks in the aggregate of all the theory papers and (ii) at least 50% marks in practicals separately, provided that if a candidate fails to secure at least 40% marks in theory papers and internal/ practical examination separately, he/she will be declared as fail.

TOTAL

600

2. No division will be awarded at the Pt.I/ previous examination. Division shall be awarded at the end of the Pt.II/ final examination on the basis of combined

marks obtained at Pt.I/ previous and Pt.II/ final examination taken together, as noted below:

First division 60% of the aggregate marks of the previous and

final examination taken together.

Second division 50%

- 3. A grace of 1% of maximum marks may be permitted as per rules.
- 4. A candidate failing at Pt.I/previous examination may be provisionally allowed to be admitted in Pt.II/ final examination provided that he/she obtains at least 50% marks individually in at least 50% of the papers prescribed for the examination and also obtains at least 50% marks in practicals and that he has passed separately in the internal and external examination of such theory papers and practicals.
- 5. For counting 50% of the papers, practical will be counted one paper. In case total number of papers happens to be an odd number, it will be added by one for the calculation of 50% of the theory papers.
- 6. A candidate failing at Pt.I/ Previous Exam. or Pt.II/ Final Exam. shall be required to reappear as Ex. student. He will also be required to reappear in practical exam. also along with the theory papers. However, the internal marks obtained by him in the theory papers/ practical may be carried forwarded.

Note: Total Working Days: 120

Theory Classes: 3 period of 50 minutes of every working day. One period compulsory, one match practice in the following games only (1. Athletics, 2. Basketball, 3. Cricket, 4. Football, 5. Hockey and 6. Volley Ball).

Practical Examinations:

1. 60 Marks for external examination since M.P.E.D. (Previous) will consist lessons of 30 marks each one lesson will be of candidate's choice and one lesson will be by lot out of following games:

Practical for Masters Degree in Physical Education: Final Year

- 1. 30 Marks in external examinations in one specialisation lesson
- 2. 30 Marks in external examinations in teaching lesson Plan consists three parts-
 - a. Classroom teaching of 35 minutes
 b. Project / Research Work not less than 50 pages
 c. Submission of game book
 -15 Marks
 -10 Marks
 -05 Marks
- 3. 40 marks in the Internal Examination will be as follows:

1.	Athletics		10 Marks
2.	Cricket		06 Marks
3.	Judo		06 Marks
4.	Wrestling		06 Marks
5.	Kho-Kho		06 Marks
6.	Kabaddi		06 Marks
		Total	40 Marks

There will be one special paper for specialization for 100 Marks (one hundred marks). These special papers are as follows and candidate opt any one of them. (for M.P.Ed (F) only).

- 1. Athletics
- 3. Hockey
- 5. Basket Ball

- 2. Football
- 4. Volley Ball

Note: Dissertation will be given to those students who secure 60% Marks in M.P. Ed. 'Dissertation' of 100 Marks to be awarded by the external examiners as per the University rules will be given No Viva-Voce will be held.

M. P. Ed. (PREVIOUS) - 2013 Paper I-Research Methods and Statistics

- Unit I Meaning of Research, Need and Importance and its scope in Physical Education. Types of Research, Survey of Related Literature. Need for Library Search, Library Sources, Preparation of Bibliography and Abstracts. Formulation and Development of Research Problem, Location of Research Problem, Criterion in Selecting the Research Problem, Formulation of Hypothesis.
- Unit II Historical Research: Scope of Historical Research in Physical Education, Historical evidence. Validity of historical data. Survey Studies: Place of Survey Research in Physical Education, Tools of Survey research, Questionnaire & Interviews. Case Studies: Definition of case studies. Importance of Case Studies. Characteristics of Case Studies. Data collection in case studies. Experimental Research: Meaning, Scope and nature, Control of Experimental factors, Experimental Designs. Philosophical Research: Brief Introduction.
- Unit III What is Statistics? Its definition and use in Physical Education and Sports Research. Normal Curve: Definition and Principle of normal curve, relation between binomial and normal curve, properties of normal curve, skewness, Kurtosis, standard scales: Percentilea Z,T,6° and 7° scales, Standard scores.
- Unit IV Statistical Inference: Reliability limits, factors affecting reliability T.F. and Z Statistics, Null hypothesis, Type I and II errors One tail and two tailed tests. Sampling: Simple and stratified random sampling, standard error, coefficient of variation and sampling error.
- Unit V Analysis of Variance:
 - (a) One way analysis of variance, with equal and unequal sample sizes, LSD and Scheffes Test. Introduction of Computer Analysis.
 - (b) Research proposal and preparation of research report.

Paper II

Professional Preparation and Curriculum in Physical Education

Unit I

- 1. Foundation of Professional Preparation:
- (a) Ideals of Indian Democracy Contribution of Physical Education.
- (b) Forces and Factors affecting educational policies and programmes Social, Religious, Economic Political.
- (c) Education and Professional preparation in Physical Education.
- (d) Role of the Central Government in Education and Professional preparation.
- (e) Professional Associations.

2. Professional Preparation in Physical Education.

- (a) Historical Review of Professional Preparation in India.
- (b) Comparative study of Professional. Preparation in Physical Education in India with those of U.S.A., U.S.S.R. and U.K.

Unit II

- 1. Undergraduate Preparation of Professional Personnel in the Areas of Health Education, Physical Education and Recreation. Purpose of Undergraduate Preparationdt, Admissions, Curriculum Laboratory experiences, Field Experiences, Teaching Practice, Professional Competencies to be developed. Facilities and special resources for library.
- 2. Post-graduate preparation of professional personnel. Purpose of post-graduate studies. Admission requirements, Sports

specialisation and concentration on Core Areas, Research requirements, Methods of instruction.

Unit III

- 1. Importance of Curriculum Development, Factors affecting curriculum, changing needs of students, National and professional policies.
- 2. The role of the teacher in curriculum Development.
- 3. Principles of planning-understanding the capacity, characteristics and needs of the learner, evaluation and follow-up.

Selecting material for instruction-classification of activities in Physical Education, the outcome of each class of activity, suitability of activities for different age groups and sexes, progress in curriculum, cultural influence in the choice of activities, flexibility of programme and material.

Unit IV

- 1. Selecting methods of teaching-grouping of students for instruction, Lectures, Projects activities, demonstration, block of period, total time allotment for a given activity, teaching aids, conditioning, special gadgets to concentrate on development of particular skills, bring up prerequisites for learning a given skill or activity, provision for individual differences.
- 2. Development Programme for different levels of education Kindergarden, elementary school, middle school, 10 plus 2 school, College and University, special institution (teaching school, orphan hostel) special days, national days etc.
- 3. Relationship of Physical Education to allied areas. Health Education Recreation, Outdoor activities, inter-school tournaments.

Unit V

- 1. Co-education in Physical Education-Integrating the programmes for boys and girls, activities suitable for co-education needs, level at which co-education is desirable, special provision for development of girls programme.
- 2. Committee recommendation NCERT, CBSE, UGC recommendations on curriculum for school and college, curriculum followed in colleges of physical education C.P. Ed., B.P. E., Diploma in Physical Education, M.P.Ed. and M. Phil.

- 4. Bucher C.A.: Foudations of Physical Educations (Saint Louis: The C.V. Mosby Company, 1975) Edit. 7.
- 5. Agarwal J.C.: Education Administration School Organisation and Supervision (New Delhi: Agra Book Depot., 1967).
- 6. Gattu, J. Rryant : Carrer Potential Physical Activity (New Jersey : Englewood Cliffs, Prentice Hall Inc. 1971).
- 7. Willgoose. E. Garl: the Curriculum in Physical Education (New Jersey:Englewood Cliffs, Prentice Hall Inc. 1979) Ed.3
- 8. Irwin. W. Lestia: "Curriculum in Health and Physical Education" (St. Louis:the C.V. Mosby Company, 1984).

Paper III Scientific Principles of Training

Unit I **Sports Training:**

- (a) Definition of terms-conditioning, training and coaching.
- (b) Aim, Tasks and Characteristics of Sports Training.
- (c) Principles of Sports Training.

Training Load:

- (a) Important Features of Training Load-Intensity, Density, Duration and Frequency.
- (b) Principles of Training Load.
- (c) Adaptation Process and condition of Adaptation.
- (d) Overload-Causes and Symptoms-Tacking of overload.

Unit II Training for Motor Components:

- (i) (a) Strength-forms of strength, Characteristics of strength, Principles of Strength training, strength training means and methods, strength training for children and women.
 - (b) Form of endurance, characteristics of endurance, endurance training means and methods.
 - (c) Speed: Forms of speed, characteristics of speed, basis of speed training, means and methods.
 - (d) Flexibility Forms of flexibility, characteristics of flexibility, basis of flexibility, methods of development of flexibility.
 - (e) Co-ordinative Ability-Characteristics of Coordinative Abilities, importance of coordinative abilities, classification of coordinative abilities, training methods.
- (ii) Training for motor components for children and women.

Unit III (a) **Technique:**

- 1. Definition of skill, Technique and Technical Training.
- 2. Characteristics of Technique.
- 3. Phases of skill acquisition.

- 4. Methods of Technique Training.
- 5. Causes and correction of faults.

(b) Tactics:

- 1. Definition of tactics and strategy.
- 2. Basic Tactical Concepts Offensive, Defensive and High Performance.
- 3. Methods of Tactical Training.
- 4. Control of Tactical Knowledge.

Unit IV (a) Planning and Organisation of training:

- 1. Importance of Planning.
- 2. Principles f Planning.
- 3. System of Planning.
- 4. Periodisation and its types.
- 5. Contents for various periods of training.

(b) Competition Planning and Preparation:

- 1. Importance of Competitions.
- 2. Competition Frequency.
- 3. Main and Build-up competitions.
- 4. Direct preparation for an important competition.

Unit V **Evaluation of Training:**

- 1. Items to be included in evaluation programme.
- 2. Uses of Graphs and principles of graphical representation.
- 3. Forms of diagrams used for evaluation checking progress.
- 4. Rules governing performance checks and motor tests.

References:

- 1. Hars, Dietrich: Principles of Sports Training (Berlin: Sportuelag, 1982).
- 2. Dick W. Frank: Sports Training Principles (London: Lepus Books, 1980).

- 5. Cratty, J. Biyant: Perceptual and Motor Development in Infants and Children (NJ: Englewood Cliffs, Prentice Hall Inc. 1979)
- 6. Singh, R.: Sports-Training General Theory and Methods (Patiala: NISNIS, 1984).

Paper IV

Measurement and Evaluation in Physical Education

Unit I

Meaning of Evaluation, nature and scope of evaluation programme, need and importance of evaluation in the field of Physical Education, Principles of Evaluation.

Unit II

Selection and construction of Tests:

- (a) Criteria of Test Selection-Scientific Authenticity, (Reliability, Validity, objectivity, norms) Administrative Feasibility and Educational application, Classification of Tests-Standardised and teacher made tests (objective and subjective tests).
- (b) Construction of Tests-Knowledge tests (written tests) and skill tests.
- (c) Suggestions for administering tests. Medical Examinations, Testing Personnel, Time and testing, Economy of testing, Test records, Preparation of reports, Construction of table groups, Purpose of reporting, Justification of particular phases of the programme, Worth of a change in methodology.

Unit III Measurement of Organic Functions, Motor Fitness and General Motor-Ability.

- (a) **Organic functions** Cardiovascular respiratory function, Cooper's 12 minutes continuous Run/Walk Test, Tuttle Pulse ration test. Harward step test and its modifications (High School and College level-men and women) Hyman's Cardiopulmonary Index (CPI).
- (b) **Motor Fitness**: Oregon Motor Fitness Test, JCR Test, Canade Fitness Test, AAHPER Youth Fitness Test, Indiana Motor Fitness Test.
- (c) **General Motor Ability**: Mc. Cloy's General Motor Ability Test, Methany Johnson Test.

Unit IV Test for Strength and Skill: Strength Roger's Physical Fitness Index and Suggested changes in the P.F.I. Test.

Skill: Volleyball-Brady test, Russel and Lange test, Basketball-Johnson test, Knox test. Soccer-Mc Donald Test, Johnson Test. Field Hockey-Harbans Singh Field Hockey Test. Badminton-Miller Volley Test Lockart Mcpherson Test. Tennis-Broer Miller test, Dyer tennis test.

- Unit V Measures of Posture, Anthropometry Social Efficiency and Psychological Factors.
 - (a) Measures of Posture-IOWA Posture Test. (Cureton's).
 - (b) Anthropometric Measurements.
 - (i) Girth Measurements Upper arm, forearm, Calf, Chest.

- (ii) Width Measurements-Biccromial chest illiocrestal, Biepicondytar (Femur and Humerus).

 Height Measurement-Stature and sitting height.
- (c) Somatotypes-Sheldon's technique an introduction.
- (i) Social Efficiency.
- (ii) Socio-metric techniques Introduction.
- (c) Psychological factors:
- (i) Anxiety Scale-Speil-berger's Competitive State-Anxiety Scales.
- (ii) Eysenck Personality Inventory (H.J. Eysenck and Sybil B.G. Eysenck).
